"An Honest Man is the Noblest Work of God."

Although the following appears rather late it is still worthy of publication and would be though it had happened forty years ago instead of something over four months. The Indicator, an insurance journal published monthly at Detroit, Mich., gives space to the following concerning our fellow townsman, Mr. J. S. Reynolds. It voices the sentiments of all who know Mr. Reynolds:

A dispatch from Nashville, Tenn., says: Mr. James S. Reynolds, one of the leading grocers of Pulaski, was a sufferer in the first of July. He was insured in the Equitable Insurance Company of Nashville, Tenn. The loss was promptly adjusted and promptly paid. After Mr. Reynolds received his damaged stock to his new quarters and took an inventory, preparatory to opening up for business again, he concluded his loss had been adjusted at too high a figure. In consequence he at once tendered the Equitable the surplus, but the company declined to receive it, desiring Mr. Reynolds to invest the money for the benefit of his youngest child, to be paid out of the latter's majority. Insurance men say there is no record on any other such illustration of equal and exact justice. This is the first instance of this kind that has ever come to our notice. The Indicator suggests that "their names be engraved on a tablet of silver in letters of gold." In this age of the world such instances of "fair play," to say the least are decidedly refreshing.

A Card.

Friends who are lovers of the chrysanthemum all over the county are expressing deep regret that they were not notified of the late show of the lovely flower in Pulaski--that they might have participated in its beauties. To such it is but due to say we are equally sorry that we made every effort possible to reach all who we knew had collections. It has since developed that there are splendid collections all over the county whose possessors would have taken great delight in the show. This show was only conceived late Thursday evening and had to go Saturday--that it was such a grand success is due alone to the enthusiasm of the admirers of this queen of the autumn. Let everybody get ready for a grand show next fall; due notice of which will be given to everybody.

Business.

Business has improved very little if any during the past week. Cotton has been coming in more freely since our last issue than in any week previous since the season opened. The farmers, however, appear to have a tendency to hold on to all their money except that which they are absolutely obliged to pay on accounts. Collections have improved somewhat although they are still very hard. The money market is still very tight but there appears to be enough in circulation to supply all absolutely necessary wants. The inclement weather has kept the country people at home for the past week and trade has been at a low ebb. However, we hope to see it revive with fair weather.

Progressive Men.

Every body admits a progressive man and every one who has the interest of his country at heart likes to patronize and help progressive citizens. The spirit of progress can be shown in no clearer and more profound manner than by liberal advertising. Read the advertisements in the Citizen and patronize the men who use this medium to make known their business and bargains to you. It has been noticed that the men who advertise liberally do not feel and complain of "hard times" as much as those who do not. Patronize progressive men--this is the road to prosperity.

The Blacked Boys.

The Blacked Boys of Pulaski met at the court-house last Thursday night and effected a permanent organization for the winter. Their entertainment will come off sometime near Christmas and as it will be for the benefit of the C. P. church the people of Pulaski should liberally patronize it. The boys will endeavor to give them their money's worth in the way of an amateur minstrel show. At another meeting Monday night some of the songs and plays were decided upon.

Thanks.

We are indebted to R. F. Boyd, M. D., colored formerly of this place, for an invitation to be present at the dedication of the new Dental and Pharmaceutical Building of the Meharry Medical Department of the Central Tennessee College at Nashville, which took place last Tuesday at 1:30 o'clock p. m. The exercises were held at the College Chapel and addresses were made by ex-President Rutherford B. Hayes, L. L. D., R. V. Acheson, G. Haywood, D. D., R. V. J. C. Hartzell, D. D., and others.

A Card.

For the second time I am forced to appear in print, having received another anonymous note from a cowardly scoundrel, and this is about the only way I can reach him, he being too great a coward to sign his name. I wish emphatically to say to him, that if I end to remain here as long as I care to and don't feel the least intimidated by the threats that he makes. If he is going to do anything to come along and do it, and he will find me fully prepared to take care of myself. If I find you out, you won't find me very slow in coming to you. I have friends that are true, staunch and here it is determined as one of your cowardly clique, so come and come soon and we will endeavor to give you as cordial a reception as she case merits. ALAN WEINBAUM.

Card of Thanks.

Here are our sincere thanks and best wishes to those who lent a helping hand during and since our burning on East Hill. We will ever kindly and thankfully remember you, gentlemen, who worked so nobly, and would say that East Hill is best with christian ladies and that their hospitality is unbounded. Again thanking you most humbly, we are respectfully, J. J. PHILLIPS, A. J. WILLIAMS, J. WHIT, PHILLIPS.

Bronze Meeting.

On Saturday, Nov. 20, there will be a meeting of the John H. Woldridge Bivouac, in the circuit court room. All members are earnestly requested to be present.
